## CONDITIONS OF SALE

The sale is held according to the laws of the City of New York by a licensed and bonded auctioneer. The terms of sale are strictly cash; title does not pass on any lot until payment has been made in full. The highest bidder shall be the buyer; the decision of the auctioneer will be final in all instances.

Persons unknown to the auctioneer are requested to make themselves known before the sale or to remit a 25% deposit on the amount of bids submitted. Deposits not used will be refunded immediately.

No unlimited bids will be accepted, but lots will be purchased for customers unable to attend the sale and for mail bidders at the lowest possible price without charge or commission. The floor bidding will start at about 5% above the second highest mail bid and will proceed at reasonable advances above the previous bid until the lot is sold. The packing and shipping charges for all lots are the responsibility of the purchaser. All lots are shipped at the buyer's risk. Lots delivered in New York State are subject to the appropriate sales tax. Mail bids must be in the hands of the auctioneer three days before the first day of sale.

The authenticity of every item is unconditionally guaranteed. An auction sale is not an approval sale; no lots may be returned without the written permission of the auctioneer. No lots may be returned by floor bidders. Bids in writing or bids made at the sale are taken to imply acceptance of the above conditions of sale. The auctioneer cannot be responsible for bidders' errors. Please check your bid sheets carefully.

## CONDITIONS DE VENTE

La vente est conduite par un commissaire-priseur licencié conforme aux lois de la Ville de New York. La vente aura lieu au comptant. L'enchère la plus élevée acquiert la pièce. La décision du commissaire-priseur sera définitive en tout cas.

Les personnes inconnues à la direction doivent fournir des références de crédit satisfaisantes avant de faire des enchères. Chaque enchérisseur est personnellement responsable de ses achats. On n'acceptera pas d'enchères illimitées. On effectuera gratis les commandes des personnes qui se trouvent empêchées d'assister à la vente. Les frais de l'emballage et de l'expédition sont la responsabilité de l'acquéreur. Tous les lots sont envoyés au risque de l'acquéreur. Il faut que la direction reçoive les enchères mises à la poste trois jours avant la vente.

L'authenticité de chaque article est garantie. Il ne faut pas renvoyer des lots sans la permission de la direction. Prière de vérifier soigneusement la liste des enchères.

Les acquéreurs résidant à l'étranger sont priés de payer leurs achats en argent des Etats-Unis par une banque de New York. Si l'on ne peut pas faire cela, prière d'ajouter les frais de la banque.

## DANUBIAN CELTS

1. Tetradrachm, imitation of the Paeonian tetradrachm of Audoleon or the 4th century coinage of Larissa. Facing head (Apollo?) with wavy hair and long side curls / horseman left, V above, dotted border. Cf Göbl pl 18; 226a. Preda pl XXVIII; 3. 12.95 grams. VF, flan flaws
2. Tetradrachm, imitation of Philip II. Bearded, laureate head of Zeus right / horseman right, head represented in outline only, carrying spear; blundered inscription around, triskeles below horse; dotted exergual line and border. Göbl pl 35; 434, 3/1. 13.23 grams. AEF

## EASTERN CELTS

3. Tetradrachm, imitation of Alexander III. Head of Heracles right in lion's skin / Zeus seated left, holding eagle and sceptre, ΑΑΕΞΑΝΔΡΟ to right, flaming torch to left. Cf Pink 573. 16.57 grams. Good VF
4. Drachm, imitation of Alexander III. Head of Heracles right, dotted border / Zeus seated left holding eagle and sceptre, meaningless inscription to right, monogram to left, dotted border. Pink 595. 2.35 grams. VF

## BRITAIN, CATUVELLAUNI

5. Gold stater, "Whaddon Chase" type. Design, usually called a laureate bust, resembling a cross composed of a wreath and a winged staff, linear decorations in quadrants / horse galloping right, pellet and curved ornament above, pellet below, circular ornament and two uncertain symbols to right, exergual line. Mack 135. 5.765 grams. VF-EF  
*The excellent rendering of the horse on this coin's reverse seems to exclude the representation of a head on the obverse. A die cutter capable of the horse could do much better than what we see on the obverse if he wanted to show a head. Perhaps a laurelled, winged staff was intended.*

## RHINE VALLEY

6. Gold stater, "Regenbogenschüsselchen." *Acragas, or Agrigentum, was ceded to Carthage in 405 BC and the city was refounded by Timoleon in about 339 BC. While this unusual restruck coinage is usually attributed to the refounding, it may, in fact, have been produced by the Carthaginians during their occupation. The device, the head of Herakles, could well be Carthaginian. The Herakles restrike is often found again restruck with a young male head (SNG Ashmolean 1685). This undoubtedly represents the restoration of Greek rule. Why these coins were restruck so often and in this unusual fashion remains unknown, but they may represent a means of reminding the populace of who defeated whom.*

J. P. Raven in NC 1950, p 1-22, estimates that about 200 Delphic talents of silver were used in the minting. He knew of only twenty extant staters.*
